Dear Sir/Madam:

INTERVIEW SUMMARY

In a telephone conference on July 24, 2007, Malcolm McGowan, Esq., Applicants' undersigned representative, and Special Program Examiner William Dixon discussed the Correction of Inventorship Decision issued by the Patent Office on June 4, 2007.

Applicants' representatives clarified a few issues. First, what was identified in the June 4, 2007 Decision as a "petition under 37 C.F.R. §1.324, filed February 14, 2005" was not a petition, but was in fact a Communication submitted on February 9, 2005 forwarding copies of the Complaint and Answer for Correction of Inventorship under 35 U.S.C. §256. Second, the Petition for Correction of Inventorship under 37 C.F.R. §1.48(b) was timely filed on November 20, 2003 (copies of which were resubmitted to the Office on January 21, 2004 and again on August 27, 2004). Third, the reason given in the Decision

for denying the petition - that the Petition did not comply with the provisions of Rule 324 - is inapposite because the Petition was timely filed pursuant to Rule 48(b).

According to Mr. Dixon, the November 20, 2003 Petition was miscoded in the Patent Office electronic records as a fee rather than a Petition, and thus was not considered in issuing the June 4, 2007 Decision. In view of this information, Mr. Dixon indicated that he will reconsider the June 4, 2007 Decision and correct the record.

No fee is deemed necessary in connection with the filing of this communication. However, if any fee is necessary, the Patent Office is authorized to charge any such fee to Deposit Account No. 50-0306.

Respectfully submitted,
